

Local Boys Compete In Calgary

Three Drayton Valley boys went down to Calgary recently to take part in the Soapbox Derby in that city, sponsored by the Active Club. The tree were Steve Serenas, Terry McManus and Jimmie McManus. All three boys took part in the Provincial Soapbox Derby held in Edmonton last June. Steve had competed in the derby for three previous years. From the Edmonton young Serenas went to Mission City, B.C., where he competed in the National Soapbox Derby, last summer.

The local boys gave a very good accounting of themselves in the Calgary race. Steve won 2nd in the A Class (10-15 year olds) winning a sleeping bag and an air mattress. Jimmie McManus won 4th in the same A Class. His trophy was a baseball glove. In the 11-13 year of class, the B Class, young Terry McManus won 4th place to become the owner of a pair of hockey gloves. Someone pointed out that our Drayton Valley boys had done unusually well, as they completed only 6% of the total of Soapbox contestants, but yet they came home with 25% of the top prizes. Very well done, kids!

The soapbox runs were made at 42nd Ave and McLeod Trail in Calgary. Local businessmen contributed to a fund to send the three Drayton Valley boys to Calgary.

In the top picture may be seen Terry and Jimmie McManus, seated in their Soapbox Derby entrants just before leaving for the contests in Calgary. In the center picture Steve Serenas. Names of the speedy bugs were the Blue Bird and the Flying West.

In the center picture Steve Serenas sits in his car ready for the trip to the southern city. In the lower picture Mr. McManus and Mr. Serenas stand beside the can with the Derby entrants on top.

Styling changes, featuring a "balanced" design are illustrated in these three views of Oldsmobile for 1960 by General Motors. Left, is the front end view of a 1960 Oldsmobile Dynamic "88" showing grille bars designed to give the front a wider appearance. Rear end styling is shown at right on the "88" Holiday Coupe Sedan. The sweeping chrome accent strip on the side of the 1960 Oldsmobile is shown in the side view, centre, of the Oldsmobile "88" Sedan Coupe.

BOY SCOUTS ASSOCIATION (cont.)

The Scout Hall plays a vital part in the Youth Development Program for this area. As the plot on Page One shows, the Hall is being used for Scouting activities, Cubes, Brownies and Girl Guides, as well as being used for many other youth functions. The Scout Hall was built in 1955 as a community project, which was spearheaded by the newly formed Rotary Club of Drayton Valley. It has served a very useful purpose since 1955 in Youth work in the community. Drayton Valley has been very fortunate in being able to secure very capable leadership in the various phases of the youth work in the community: Scouts, Cubes, Guides and Brownies have functioned very well as a result of the dedicated leadership of men and women of the community.

The Scout Association committee consists of Jack Heyland, as chairman, Al Vandermere, as secretary, Al Home as Treasurer, with Directors Larry Kane, Jack Wright and Harvey McGee. Scoutmaster Doug Appelst and Fred Tooley take care of the Scouting program. Looking after the Brownies at present are Mrs. Bright, Mrs. Blaine, Mrs. Megre and Mrs. Trimble. The Girl Guide Leaders are Mrs. Shearer, Mrs. Joan Gray and Mrs. Marie Fenick. Cubmasters are Dime, Larhaentler and Walter Kasse. Assistant Mr. Larhaentler is Vern Bradford, Ron Northum, and Red Anderson. Assistant Mr. Krause is Constable A. Adams, Jack MacLean and Jack O'Rourke. The envelopes for the fund raising campaign will be in the mail shortly and each person who receives one is asked to make some sort of contribution, whether large or small to this very worthy project.

PEMBINA NEWS ADVERTISER

Vol. 4 No. 41 October 15, 1958 A. Playford, Publisher, Box 120 Drayton Valley.

ROTARIANS Prepare for Annual Turkey Card Drive

At a meeting on Oct. 7th the Drayton Valley Rotary Club laid the plans for their annual Turkey Card promotion. Every year at this time the Drayton Valley Rotary Club presents the popular Turkey Cards. In the past three years these cards have been very well received by all members of the Community. Every card is numbered 1 cent to 1 dollar with the lucky winner getting a Christmas Turkey of a size of his choice.

The proceeds from these cards go to Community Service; for the Rotarians motto is: Service Above Self.

In 1955 the Community had a need for a Resuscitator. Lives were imperilled at times due to faulty gas leaks, near drownings and other cases where a resuscitator is necessary.

The Rotarians saw to it that Drayton Valley got its resuscitator. It is still in use and has been an invaluable piece of life saving equipment for the past four years.

In 1955 this town still had no skating rink. The Turkey cards provided the Rotarians with over \$1000 which was used toward a skating rink which served the community for the next two years.

All during this period the Club was trying to raise the several thousand dollars needed for the accomplishment of the dream of their founder—Charter President the late Elmer Johnson—the Rotary Play-

ground Park. Always it seemed, something was coming up that the Community needed—something which the Rotary Club agreed to undertake—but the undertaking of which delayed the providing of the playground equipment. Every Christmas, too, Hampers for any families who were brought to the Club attention as being needy were supplied with hampers of food and toys. Last year \$200.00 worth of these hampers were distributed.

Then too, there were the Boy Scouts, whom the Rotarians have been sponsoring. In 1955, just after its founding in Drayton Valley, largely due to the effort of Pres. Elmer Johnson, the Scout Hall was pushed through to near completion in time for Drayton Valley Rotary Charter night. This left the Scout Association with a large mortgage debt, which the Scout Association has done a wonderful job of meeting. But unfortunate conditions developed in the unfinished Hall and major repairs faced the financially embarrassed Scouts.

Last year the Rotarians were glad to be able to devote over \$600 toward these repairs as well as soliciting donations and partially donated materials needed in the repairs.

Then it finally happened! In 1958 and 1959 the playground equipment materialized and is in present use in the Rotary park in the Class A residential park

area of Drayton Valley. The Rotarians have received much help from local pipeline and oil companies in this project and wish to express their gratitude to all who have assisted in many cases, lines of charge.

Grain has been plowed and trees are planned for this park—and already Rotarians are looking forward to similar efforts in other Town park areas.

During the past four years the Rotarians have also helped the Red Cross. C.N.L.B., assisted with the Scout Ice Carnival and worked closely with the Recreational Board in planning for recreation in Drayton Valley.

This small but dedicated group of men has been so busy working for the Community that they have neglected building up membership and this year are looking toward a larger membership to carry on their Community Service.

As well as the many other community projects the Rotary Club has undertaken they have also donated, or raised money in the following amounts:

1957 - C.N.L.B. \$212.00
1958 - C.N.L.B. \$218.43
Boy Scouts - \$800.00
They have sponsored a Leadership Training Course in regards to the playground for \$47.80
Estimated value of the Playground and equipment is around \$12,000. (cont. col. 5)

District Personalities

Mr. Harry Zolmer

The District Personality for this week is a man who is well known and popular in Drayton Valley. Mr. Harry Zolmer, of Imperial Lumber Co. Ltd.

Harry Zolmer was born on a farm in Lamont, Alberta, where his father had taken up a homestead, after emigrating from Austria. He attended Lamont High School. At the age of 16 he went to work for the Merchants Bank of Canada which was later amalgamated with the Bank of Montreal.

He got his start in the lumber business in 1924 when he went to work for what was then the Alberta Lumber Co. in Lamont. After a few months he was promoted to the position of manager, a position he has held for many years in several different towns.

In September 1939, he joined the 49th Royal Edmonton Regiment and served with the army for five and one half years. While in the army he held the rank of quartermaster sergeant. He saw service

in England, Sicily, Italy and France.

On his discharge from the army at the end of the war he returned to the lumber business as manager of lumberyards in Lacombe, Calgary, Two Hills, Vegreville, Wittington, Athabasca, Banhead, Mayenthorpe, Redwater and came to Drayton Valley in 1944. On Tuesday, October 13th he celebrated his 37th anniversary with Imperial Lumber Co. Ltd.

He married the present Mrs. Zolmer in 1932. Mr. Zolmer is a charter member of the Rotary Club, and is Past President of that service group. He is a member of the Drayton Valley Chamber of Commerce, he is an elder in the United Church, and a member of the Board of the Drayton Valley United Church.

Community minded, both he and Mrs. Zolmer have worked hard in various civic, community and church projects.

TURKEY CARD DRIVE (cont.)

Remember, your money is put back into your community by Rotarians, the Club with the Ideal of Service Above Self.

So they are asking, when you see the Turkey Cards displayed in the various stores, that you patronize them as you have done each of the past years they have been presented, in order that they may carry out their plans for further community service.

September Police Report

Number of Prosecutions under the Liquor Control Act - 20 - \$479.00.

Number of cases pending under the Liquor Control Act - 2
Number of cases under the Town By-Laws - 3 - \$40.00
Number of cases under the V. T. Act - 3 - \$35.00
Number of cases under the Criminal Code of Canada - 9 - \$160.00
Number of cases pending under the Criminal Code of Canada - 6 -
Total: \$734.00
Five accidents reported to the M. V. Branch. Damage over \$100.00. Fifty complaints made of different natures.
School patrol system set in operation during the month of September.
Several tickets issued for no seat belts.

Rotary Past President Harry Zolmer is seen handing over the presidents' gavel to incoming President for 1959-60, Howard Pickup, at their regular weekly meeting on July 15. The meeting was organized in Drayton Valley in 1955.

Sports

By: Gene Bailey.

Turning first to the Bowling League, we find three scores that could very easily remain the rest of the year as high marks for the year. All three were made in the mid league in the first month. Sylvia Copeman came through with a fine performance to establish a score of 330 in a single game. Dave Bergman rolled a 343 which is only one point below the score that stood up last year. The third score is a triple of 831 plus knocked down by Bill Alsworth who had games of 284, 266 and 271.

The current standings and the weekly and monthly high scores follow.

Section A	Section B
Halliburton 12	Pemberton 12
Chaschen 11	Bingus 11
Fisher 10	Gollad 10
Shirley Bass 10	Nighthawks 9
Mary Maken 9	Sinclair 9
Hornor 9	Horne 9
Gollad 9	Two-Wives 9
Strillen 9	Electrodes 8
Doane 8	Hicks 8
Elbow-Benders 1	Flint Rig 1

Section C	Men's
Waps 14	Larks 12
Head Pins 12	Cenere Finell 10
Whiz Kids 12	Leftovers 10
Oil Slickers 9	C-Case 9
Spurlocks 9	High Balls 9
Beasleys 8	Fair Lancers 8
School Div. 8	Sky Ways 7
Rovers 5	The Boys 6
Hospital 4	Lane Wells 5
Comer Plus 2	Tablins 3

High scores for the week ending October 10:

Mixed League	
Team Single-Gollad 1	992
Team Triple- 9	983
Ladies Single-N. Oberg 284	
Ladies Triple- 700	
Men's Single-B. Ajmworth 394	
Men's Triple- 831	

Men's League	
Team Single-Leforsen 728	
Team Triple-Larks 1851	
High Single-D. Melzer 343	
High Triple-R. Gervais 679	

The current high scores to date are:

Mixed League

Ladies Single-S. Copeman 330
Ladies Triple-N. Oberg 780
Men's Single-D. Bergman 343
Men's Triple-B. Ajmworth 394

Men's League

High Single-B. Gollad 308
High Triple-C. Miller 728

Now for the curling news. The Curling Club is planning to hold a mixed curl on Friday, Saturday and Sunday, Oct. 30, 31 and Nov. 1.

Barry fee is \$8.00 per risk.

All entries must be submitted to Al Casey of the Conservation Club's phone numbers are 50 or 120. Final deadline for entries is noon on October 28.

With the mixed curl scoring at the 1st faller on the curling season in Drayton Valley, plans are going ahead for another successful year.

The fees once again are a very reasonable \$45.00 for the season. \$20 payable before October 28, and the remainder before Dec. 7.

Memberships are being received by W. Capeman, at McKenna's shoe store, or by K. Walters, phone 155 or 47.

The make-up of risks again will be by drawing names from a hat. The teams will be grouped according to the number of wins and losses, thus assuring matches between teams of equal caliber.

Any further information can be obtained by calling either of the members mentioned above.

ATTENTION:

The first meeting of the season for the Guide and Bowmen Meetings will be held in the Scout Hall October 22, 1959, at 8:30 (after the Guide meeting). All members are urged to attend and anyone interested is very welcome as new members are being sought.

Priced for quick sale: 3 year old 40' trailer on 50 x 125' lot. Large attached porch. 8 x 16'. Excellent location opposite new High School. All reasonable offers considered. Ph. 672.

"School Daze"

By: RUPERT BROTHON

These cold, stippy mornings make it just a wee bit harder to pull oneself out of bed and make the trek to school. Little relief is there at school either as greasy faces and cold classrooms greet you.

Cold as it is, however, we still stand together and strive towards working for our school. Our latest scheme to make money was the sale of magazine subscriptions for the Curtis Publishing Company. Our thanks to those of you that bought a subscription and helped take us out of the red.

The Senior High Students' Union plan on trying something new in this town to make money. That being, selling quarter pound chocolate bars for the World's Finest Chocolate Company at 50c each.

We hope that we can count on your support, once again, when we start this drive.

Well, this just about kills everything for now except for the fact that it is rumored that we may lose one of the members of the staff. It is said that Mrs. Moore has lost her deep love for us - we hope that this is not so. By the way, those new girls in grade ten sure do look good - right Mr. Bob Anderson?

Well, now that our flowers are gone. A pumpkin, dark green acorn squash, a few apples, oranges and bananas will be a nice table arrangement especially if you add a few bright colored persimmons to the dish and maybe some deep colored grapes and a sprinkling of mixed nuts in their shells.

Of course your table arrangement will gradually disappear as tempting to little and big fingers but in a good investment. There may be many ways to cook persimmons but the only recipe I have is one for a steamed pudding.

which I think is better than a plum pudding as it seems to have a bit more moisture in it. It keeps well if you should happen to want to make your Holiday puddings now.

Persimmon Pudding
Sift: 1 1/2 cup flour, 1 teaspoon baking powder, 1 cup sugar, 2 teaspoons baking soda, 1 teaspoon cinnamon.

Add: 1 cup persimmon pulp, 2 eggs, 1/2 cup milk, 2 tablespoons butter.

Stir until well mixed but do not beat. Add 1 cup seed as raisins.

Food for thought

By: Danita Bowling.

It just didn't seem possible, when writing the columns for the last week's paper, that I would have time to write another before leaving on our holiday but here I am again! Old Man Winter surprised us with an early visit and certainly didn't help our plans to do a bit of car travelling. Yes, we are still taking our holidays even if we have to use a dog sled and we are going this week, but the element of mystery still hangs over our heads. "Where to go and how to get there" are the questions that are haunting us but I guess in time we will know the answer.

How many of you are familiar with the plamlike fruit called persimmons? They are coming into our markets now, and I promised one of our local merchants to include a persimmon recipe this week. They are quite tasty and palatable without any preparation that they do have a distinctive flavor and some of you might have to acquire a taste for them. A persimmon is ripe when red and rather soft. They are a pulpy fruit and just as you would sugar a little at a time. Fold the egg whites into the yolk, add 1/2 of the sugar gradually, beating between additions. Beat egg whites until stiff adding the remaining 1/2 of the sugar gradually. Beat until stiff. Add vanilla and a little graded nutmeg is also good.)

There is no cure for birth or death but to enjoy the interval. George Santayana.

HIGHWAYS

Gordon E. Taylor, Minister of Highways, reported today that a study has been carried out on the accident picture on the four-lane highways where the speed limit was raised to 60 miles per hour by day and 55 miles per hour by night commencing July 1st. The following points have been observed during the first two months, namely, July and August:

- The overall accident rate on all of the four-lane sections where the increased speed limits were in effect shows a decrease from 2.15 to 1.2 per 1,000,000 vehicle miles over the same two months in 1958. The injury rate decreased during the same period from 1.63 to 1.17.
- On the divided four-lane stretch between south of Bowden and Crossfield the accident rate decreased from 1.4 accidents per 1,000,000 vehicle miles in 1958 to 1.1 in 1959. There were 14 accidents in 1958 as compared with 11 in 1959.
- On the divided four-lane stretch from Aldrie north to Crossfield the accident rate decreased from .35 to .06 per 1,000,000 vehicle miles. There were actually 10 accidents a year ago during the two months while this year there were only two.
- On the four-lane undivided highway between Aldrie and Calgary the accident rate increased this year during the two months from .14 to .17 per 1,000,000 vehicle miles. There were 10 accidents a year ago and 12 this year.
- On the four-lane undivided highway between Bowden and Aldrie the accident rate decreased this year from 3.3 during July and August 1958 to 1.1 in 1959. The number of accidents in 1958 were 6 with only 2 in 1959.
- On the undivided stretch between Edmonton and Nisku the accident rate decreased from 3.3 per million vehicle miles to .84.
- On the undivided stretch between north of Red Deer and the Sylvan Lake road the accident rate dropped from 2.5 in 1958 to 0 in 1959.
- On the undivided stretch immediately south of Red Deer the accident rate increased from 3.3 in 1958 to 6.4 in 1959 with one fatality.

"I am very pleased indeed that the combined accident rate has decreased where the increased speed were in effect. This is encouraging. Care must be taken however to not make decisions or draw conclusions on the statistics for the two months. We plan to continue this study each month in order to determine and be aware of the actual trend," Mr. Taylor said.

"Where the Church in the highways do greatly reduce the chances for head-on collisions. Head-on collisions have been completely eliminated to date on the divided four-lane highways. There is evidence of what might have been head-on in the centre ditch where a number of cars have swerved and gone out of control—without the median separation every such incident would be a potential killer of people," the Minister of Highways observed.

Childs' Growth

Children today are some two or three and a half inches taller and correspondingly heavier than they were fifty years ago, according to Dr. Elizabeth Cullen Robertson in an article in October Chelate. The difference was due to better feeding and protection from many infections, she felt.

Advised parents who worry about their child's growth, Dr. Robertson said "some children are naturally slender and never will weigh nor should weigh as much as the average child. Others are broad or stocky and consequently are heavier than the average."

"The divided four-lane highways do greatly reduce the chances for head-on collisions. Head-on collisions have been completely eliminated to date on the divided four-lane highways. There is evidence of what might have been head-on in the centre ditch where a number of cars have swerved and gone out of control—without the median separation every such incident would be a potential killer of people," the Minister of Highways observed.

A healthy infant grew quickly in the first few months, Dr. Robertson said, but slowed up as he neared his first birthday and during the second year. In the third year most children gained weight relatively slowly.

From five to ten years of age both boys and girls grow some two to two and a half inches in height and about five pounds in weight each year.

At the onset of puberty there was a rapid increase in growth in girls. There was a similar but even greater sport in boys, but it occurred about two years later.

Reverend Albion Wright

This weeks contribution to the Series by local Church Leaders is presented by the Reverend Albion Wright of the Drayton Valley United Church.

Where is the Church in our community? Many of us visualize the Church as being the Church building. Although the building may be the focal point of the Church activity in the community, the Church is by no means limited to this small area.

If I were to ask you where a particular Oil Company is located, you might explain that although the office of the Company is located in a specific place, the Company actually carries on operations throughout the entire oil field. One might say quite correctly that the Company is wherever one of its employees or representatives is to be found.

The Church is where its members are. The Church is all the people of God both clergy and laity. The Church is involved in everything that its members do.

For one or two hours of the week church members come together to worship as a group. During the remainder of the week they spend their time working or resting. The Church is not localized but it is in the stores, the businesses, the offices and the homes of the community. The Church is represented by the men and women who work in the various areas of the oil field and on the farms of the district. The church is where church people live and work.

A Christian is one who has committed himself to serve God as revealed in Jesus Christ. A Christian then, is one who has agreed to work for God. Such a commitment demands expression in all of the realms of life. It is impossible for a Christian to live by a double standard, for in so doing

The Country Parson

"If a man would give his soul the same attention he gives his mouth, his soul might not decay either."

The Church in Your Community

he denies his professed commitment to Christ. Understanding our commitment in these terms, none of us should feel that our job interferes with our Church work. On the contrary, our job is our Church Work for when we are, there the Church is.

CGIT

The C.G.I.T. will begin meeting in the United Church on Monday, October 26 at 7:00 p.m. All girls interested in attending the group regularly are invited to attend. The group this year will be under the leadership of Mrs. Christine Howard who has had considerable experience in C.G.I.T. work.

"I'm a very busy man, sir. What is your proposition?"
"I want to make you rich."
"Well, leave your plan with me and I'll look it over later. Just now I'm engaged in closing up a little transaction by which I expect to make \$5 in real money."

NOTICE

Easyford News

Mr. and Mrs. Joe Vowk of Leduc spent the Thanksgiving holiday with Joe's parents, Mr. and Mrs. Mike Vowk. They were accompanied by Shirley's parents and grandparents of Falls. Mary Vowk was also home for the holiday.

Mrs. B. Whitlam is a patient in the Drayton Valley Hospital and Leslie Ocas is in the Colonel Newburn Hospital.

Work is progressing very quickly on the Easyford bridge. The deck has been poured. After the sides are poured there will be a period of about 30 days before the bridge can be opened. This is to allow the cement to harden so that it can carry heavy loads.

Emmaus Lutheran Church to be Dedicated

Sunday November 1st has been chosen by the members of Emmaus Lutheran Church of Drayton Valley as the date of dedication of their new Church. The church is located directly north across the street from the Drayton Valley Hospital. The Church was constructed by the MacCallister Construction Co. Ltd. of Edmonton, Alberta. The church is a modern building of 335,985. The church measures in length 60 feet, and in width 27 feet. A full basement houses the kitchen, rest room, and fumace room. (Sunday School classes will be conducted in the basement, as well as other congregational activities. 20 new pews are also purchased by the congregation at a cost of \$2,000.

Dedication speakers for this happy occasion are in the 11 a.m. service the Rev. W. C. Biferi, 11231 86th Street, Edmonton, Executive Secretary of the Lutheran Church-Missouri Synod, in the 1 p.m. service the Rev. A. H. Raden of Mellowdale, Alberta, long time pastor of Tomahawk, Alberta. A lunch is to be served after each service. The public is cordially invited to attend.

Vol. 4 No. 43 October 22, 1959. A. Playford, Publisher Box 170 Drayton Valley.

TOWN COUNCIL MEETING

The Council of the Town of Drayton Valley held their regular meeting for the month of October on Tuesday morning the 6th of October at 9:30 a.m. Deputy Mayor H. W. Pickup assumed the duties of the chair in the absence of Mayor A. Meier who was away on a holiday to Chicago and adjacent points. Councillors K. Wahl, C. R. Twissell and H. Demers were also present. After adopting the minutes of the previous meetings of the 6th and 28th of September, Council directed that a letter be forwarded to the Hudson's Bay Company requesting permission to anchor the corner pole for the Traffic light to their building. Some discussion was held regarding a request to lower the lane west of Block 3 and then Council decided to approve the request and to direct the Public Works Department. The subject of key streets and side walks was brought up and authorization was given for the purchase of sufficient salt for combating this fall and winter hazard. This meeting adjourned at 12:00 noon with direction to re-convene on the 13th to pursue the subject of an elevated reservoir and development planning. The Council reconvened on the 13th of October with Mayor A. Meier in the Chair. Councillors H. W. Pickup, C. R. Twissell, K. Wahl, D. G. McKenzie, and H. Demers were present. The Municipal Inspector's report was read to Council and after a short discussion of his report Council was given to have the recommendations contained therein acted upon. Councillor Demers was appointed to examine and investigate the requirements for more door opening into and out of the Community Recreational Centre. Further discussion was held on the subject of the elevated Water Reservoir. It was decided to go ahead with plans for setting up a 107,000 gallon elevated Ellipsoidal Water Reservoir as recommended by the Engineers report. By-Law No. 175 was given the necessary reading to authorize the adoption of the 1959 General Assessment Roll for use in 1960. For the past few meetings some discussion has

been held relative to plans for future Town expansion and development. Council after further discussion at this meeting on this subject decided to approve the appointment of a qualified Town Planner to draw up a Block Plan of the un-subdivided portion of Section 4 Twp. 49 Rge. 7, west of the 5th meridian. Councillor McKenzie suggested that delegates attending the Municipal Convention on the 26th and 28th of October in Calgary attempt to gain information regarding Home Construction Mortgages - he stated the Town of Leduc as being one instance where this type of Home Financing was being carried out. First reading was given to By-Law No. 176 being a By-Law to authorize the amending of By-Law No. 91 - the Zoning By-Law of the Town - to permit the construction of a duplex on Lot 7 Bldg. 18 Plan 170 K5. It was decided to authorize up to four members of Council to attend the Municipal Convention as delegates. The meeting adjourned at 12:00 noon.

With the discovery of oil Glen formed their own company, "Glen Construction, Ltd.", and as the company expanded and new oil fields opened, it was necessary for them to leave. For a time they lived at Violet Grove and then Mr. and Mrs. Glen and the two younger boys moved to Edmonton and David and Bob went to live at Fox Creek. In September of this year Bob married Miss Bonnie Murlitt, of Pibroch. His untimely death in a highway accident on October 14 came as a great shock to his family and many friends. Besides his wife he leaves tomorrow his parents; his brothers, David Bill and Don; and his maternal grandmother, Mrs. Lila Burge.

Funeral Service For Bob Glen

Reverend William Sayers conducted funeral services for Robert Wilson Tufte Glen on Monday 19, in Edmonton. Interment was in the Glen family plot in the Edmonstone Cemetery.

To say that a man was respected and loved by all who knew him is a trite expression, but in the case of Bob Glen it is true. He liked people and people liked him.

Bob is the second son of Mr. and Mrs. David W. Glen. He was about four years old when he came with his parents and older brother, David, to live in the Pembina district.

Until 1954 the Glen lived on their west end of present town of Lodgepole, where they raised Hereford cattle, and had their own business.

Bob received his early education from his mother, who is a school teacher, and later attended Drayton school at Pembina and Vermilion Agricultural College.

An inquest has been ordered into the cause of the tragic accident.

District Personalities

Mr. Donald McKenzie

This week's "District Personality" is Mr. Donald Graham McKenzie, general manager of Kona Men's Wear Store in Drayton Valley. Donald was born in Marsden, Saskatchewan, where his father was a grain buyer. Marsden is a district just south of Lloydminster. He took most of his school work in Edmonton, graduating from high school there. Previous to coming to Drayton Valley to set up the store, in 1954, in partnership with his brother Ken, he was in his father's hardware store in Hughenden, Alberta, for about three years. Mr. McKenzie has been in the clothing business for about ten years. He and his brother have four stores at present, two in Drayton Valley, one in Red Deer and one in Devon. They plan another expansion in Alberta's largest town, Swan Hills, in the near future. Mr. McKenzie is a member of the Drayton Valley Chamber of Commerce. He has been a member of the Drayton Valley Town Council since it was first formed. He was recently re-elected to another three-year term on the Council. Don is a charter member of the Lions Club, and is now Lions President for 1959-60. He is a member of the Pembina Planning Commission, and also a member of the board of the Edson Health Unit. He was a charter member of the Elks club when it was first formed there. Don is a 2nd Degree Mason and a Shriner. He married Miss Marion Miller in 1956, meeting her first when she came out to Drayton Valley as a pharmacist to relieve Mr. Pickup while he went on vacation. Before coming to Drayton Valley, Marion had been pharmacist in the University Hospital. The McKenzies have two girls, both with good Scotch names, Heather and Laurie.

BAY CHANGES CREDIT OFFICE OPENING DATE

The Drayton Valley Hudson's Bay store announced that they would have a change in dates for the opening of their Credit Office. Originally planned to be opened on Tuesday, October 27th the date has now been changed to Friday, October 23rd. For the opening of the credit office. All wishing to make inquiries regarding the credit facilities may to the rear door of the store where they will find the temporary credit office.

Work is going ahead in setting up the stock in the huge new

store, which will be a very fine addition to Drayton Valley's shopping district. Work has gone ahead, also, in spite of bad weather, on the parking area adjacent to the store. It is not expected that paving will be done on it this fall as the ground is quite soft, but it has been well leveled and will be gravelled.

Most of the staff of the store have been local people who have been hired by the company, making it a policy to get as much local help as possible, and also to deal with local businessmen and dealers.
